

DR. CHRISTIAN RUSCH

Manager R&D Engineering

Dr. Christian Rusch has been with TE Connectivity Germany GmbH since 2014. Until 2018 he worked as an R&D engineer in the advanced engineering department in Bensheim with focus on high-speed data links in automotive architectures. In 2019 he assumed the manager role in the team.

From 2009 to 2014, Dr. Rusch worked as a research assistant at the Institut für Hochfrequenztechnik und Elektronik (IHE) at the Karlsruhe Institute of Technology (KIT), where he developed novel high-frequency components and antennas for highly integrated millimeter wave radar systems.

During that time Dr. Rusch has published more than 30 technical articles in his field in different journals, magazines and conference proceedings. He received his Dr.-Ing. degree in 2014.

In 2009 he completed his studies in Information Technology with a Master of Science degree from the University of Applied Sciences Mannheim.
